

# Pat Wheel (Gray)

# Handling it

*with engine speed*

回転数で操る

## Low-speed rotation

matting after glaze  
(Porcelain)

## Mid-speed rotation

to make smoothly before  
make surface texture

## High-speed rotation

to grind stain lightly  
(Zirconia, Porcelain)

**Shaving the surface equally  
without damaging.**

Pat wheel is made from fine fiber of non-woven, abrasives and resin. This point provides both grinding force and durability. It is non-silicon, no oil film of silicon to be attached to the surface of ceramics.

Before using, read the product inserts for sure.

※Mandrels are sold separately.

fine fiber of non-woven
